|                                 |                      | 9D           | APT<br>3-person room            | 1 person per room  | -        | 198                | 1,160,000             |
|                                 |                      | Cheonga-hall | Cheonga-hall<br>(2-person room) | A/B                | Studio   | 2 persons per room | 250                   |
| Cheonga-hall<br>(1-person room) | Studio               |              | 1 person per room               |                    | 49       | 48                 | 1,392,000             |
| Total                           |                      |              |                                 |                    | 1,777    | 2,190              |                       |

#### \* Note

- Application will result in selection (or waiting list) based on the recruitment type; please confirm the recruitment type before applying.

- APT-type rooms consist of 3 bedrooms and shared areas (living room, bathroom, etc. [Example) APT 6-person room: 2 people per bedroom / APT 3-person room: 1 person per bedroom
- For applicants who are applying Yehang-hall (Building 9) 2-person shared room, the Studio (One-room) type or the APT (Apartment) type can be selected during the room/building selection stage.

## II. Eligibility and Restrictions

### 1. Eligibility for Application

Currently enrolled students for the Fall Semester 2026, students on a leave of absence scheduled to return, new graduate students, and Korean Language Program students, etc.

### 2. Application Restrictions (Exceptions)

- Students who are supposed to graduate in August 2026
- Students who fall under Article 10, Chapter 4 of the Residence Hall Regulations
  - Persons with infectious diseases or carriers.
  - Persons who have been evicted from the residence hall.
  - Persons who have received disciplinary action of probation or higher.
  - Others deemed unsuitable by the Dormitory Director.

## III. Application and Selection Schedule

## 2. Selection Method: Refer to "IV. Selection Principles and Required Documents".

### 3. Precautions

- Dormitory application is possible even before applying for readmission.
- Campus transfer students (Yeosu → Gwangju) can apply for the dormitory before passing the transfer exam.
- Submission of attached documents for the dormitory application and modification of submitted documents must be completed within the application period.
- The application for failure to select a room and make a payment within the designated period will be automatically cancelled.
- New graduate students for the Fall Semester 2026 must create an ID on the portal using their graduate school application number to apply for the dormitory.

## IV. Selection Principles and Required Documents

- International students will receive preferential consideration when applying within the designated submission period.
- International students are not required to submit any documents for preferential selection. However, prior to moving in, they must submit health examination documents(Measles MMR vaccination certificate and a tuberculosis health check certificate).

## V. Cafeteria Information

### 1. Meal Application (Meal Plan)

| Building Name (No.) | Content                                                                                    |
|---------------------|--------------------------------------------------------------------------------------------|
| Irul-hall (7)       | Inquire directly at the Yehang-hall (9) cafeteria for application                          |
| Hanul-hall (8)      |                                                                                            |
| Cheonga-hall        |                                                                                            |
| Yehang-hall (9)     | One meal type must be chosen due to the mandatory meal plan operation (Required Selection) |

## 2. Meal Period: 2026. 8. 28.(Fri.) Lunch ~ 12. 22.(Tue.) Lunch

|                    | Category                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    | Meal Type     | Unit Price (KRW) | Number of Meals | Total Cost(KRW) | Remarks                                                                |

### 3. Refund Information

○ Cancellation before move-in

- Cancellation request by 2026. 8. 20.(Thu.): 100% refund of management fee, 100% refund of meal fee (Building #9).
- Cancellation request from 2026. 8. 21.(Fri.) to 8. 27.(Thu.): 90% refund of management fee, 100% refund of meal fee (Building #9).

○ Cancellation on the day of move-in

Regardless of whether the move-in is reported, cancellation or withdrawal from the move-in date (2026. 8. 28.(Fri.)) will be processed as a mid-term withdrawal.

## **VII. Other Information**

### **1. Health Examination Information (Medical check-up)**

- Subject: All residents for the Fall Semester 2026.
- Completion Period: By August 27, 2026 (Cannot move in if not examined before the official move-in date).
- Examination Item: Chest X-ray examination.
- Submission Method:
  - Campus Health Clinic: No submission required.
  - External Institutions: Must be submitted directly to the Residence Hall Administration Office upon move-in.
- ※ For weekend move-ins, submit by 11 AM on the following weekday.
- Precautions: Those examined before December 1, 2025, must be re-examined. Move-in is possible after full recovery from infectious diseases such as active pulmonary tuberculosis.

### **2. Guide for Disabled Student Rooms**

- Available Rooms
  - Cheong-A Hall (2nd floor, 4 rooms): Male 2, Female 2
  - Yehyang Hall (Building 9A, 1st floor, 8 rooms): Male 8
  - Yehyang Hall (Building 9D, 1st floor, 8 rooms): Female 8
- ※ Rooms will be assigned in order of severity of disability
- Application Method

Students who wish to use the disabled student rooms should first complete the dormitory application, then post the following information on the 'Residence Hall Website → Community → Q&A'(students will be assigned to disabled student rooms)

  - Title: Request to Use Disabled Student Room (please check "Secret" for personal information protection)
  - Content: Student ID (or exam number) / Name / Contact Information / Type of Disability (e.g., visual, spinal) / Other (e.g., wheelchair use)

### **3. Note (References)**

- Announcements regarding dormitory application will be posted on the Residence Hall website notice board, and individual contact will not be made.
- The student is responsible for all issues arising from not being familiar with the dormitory application announcement.
